10. EVALUATION of OMR SHEETS AND DECLARATION OF RESULT:

PROCEDURE & CRITERIA FOR DECLARATION OF RESULT:

This will comprise of following steps

Step I:

Minimum marks to be obtained in SET for considering a candidate for eligibility for Assistant Professor:

The candidates are required to obtain following minimum marks in Aggregate in Paper-I, Paper-II and Paper-III as given below:

General Category Candidates are required to obtain minimum of **40%** in Paper-I, Paper-II and Paper-III; whereas Candidates belonging to different **Reserved Categories** shall have to obtain a minimum of **35%** in Paper-I, Paper-II and Paper-III.

To cite a hypothetical example if 600000 candidates appear in J&K SET 6% of those i.e 36000 qualifying slots for Eligibility for Assistant Professor are to be earmarked for different categories as per the following J&K SET reservation Policy:

Table 1: The percentage reservation quota for different categories

S. No.	Name of Category	%
1.	General Category (GEN)	67
2.	Scheduled Caste (SC)	6
3.	Scheduled Tribe (ST)/Children of Gujjar & Bakerwals (CGB)	8
4.	Residents of Backward Area (RBA)	12
5.	Residents of Actual Line of Control (ALC)	2
6.	Weak & Under Privileged Class/Social Caste (WUP)	2
7.	Differently abled (PWD) – not less than 40% disability	3

Step II:

Amongst those candidates who have cleared step I, a merit list will be prepared subject-wise and category-wise using the aggregate marks of all the three papers secured by such candidates.

Step III:

As per the above reservation table, the category-wise slots for each category as per the reservation policy are to be computed for Eligibility of Assistant Professor in respect of JK SET. To cite a hypothetical example for J&K SET, say 120,000 candidates register and out of these 100,000 appear in all the three papers, then the number of qualifying candidates would be 6% of 100,000 which is equal to 6000. These 6000 candidates would be distributed among various categories as per the reservation policy reflected in table 1 above.

The calculation is based on the ratio of number of candidates who secure minimum aggregate percentage of marks as prescribed in **Step I** above in each subject category-wise to the total number of candidates of that category over all subjects fulfilling (I) above multiplied by the total number of slots to be awarded to that category. The nearest whole number obtained as per this formula provides the number of slots available in any particular subject category-wise.

By this step, if the number of slots obtained is less than one, it is taken as one i.e a minimum of one slots is awarded wherever a fraction less than one is obtained as per calculation. However, for fraction greater than one, the figure is rounded off to the nearest whole number.

The aggregate percentage of all the three papers corresponding to the number of slots derived as per the previous paragraph is taken as the cut off qualifying percentage marks for a particular subject category wise

It may be noted that the above qualifying criteria decided by the UGC is final and binding.

It may be noted that the above qualifying criteria decided by State Agency is final and binding.
